

FATHIMA SALHA N K

Full Stack Developer

Bengaluru, Karnataka | 9544358026 | fathimasalhank@gmail.com | [GitHub](#) | [LinkedIn](#) | [Portfolio](#)

SUMMARY

Full Stack Developer with 1+ year of experience building responsive, scalable web applications using React.js, Node.js, PHP (Laravel), and MongoDB/MySQL. Skilled in designing CRM and HRM systems, lead-tracking pipelines, and role-based access control (RBAC) workflows, along with REST API design and JWT authentication. Strong foundation in front-end and back-end development, with a focus on clean code and application performance.

TECHNICAL SKILLS

Frontend: React.js, JavaScript (ES6+), HTML5, CSS3, Bootstrap, Tailwind CSS

Backend: PHP (Laravel), Node.js, Express.js, Python

Databases: MySQL, MongoDB

Tools & Concepts: Git, GitHub, REST APIs, JWT Authentication, RBAC, Blade Templates, OOP

WORK EXPERIENCE

Full Stack Developer | Nexilra Technologies - Bangalore, Karnataka

June 2025 – Present

Nexilra Technologies is a software development company specializing in AI-powered enterprise solutions and digital transformation. It builds scalable web, cloud, and business automation applications..

- Built responsive web applications using React.js, JavaScript, Node.js, and PHP (Laravel), improving page load speed and cross-browser compatibility.
- Developed CRM and HRM systems, including lead-tracking pipelines for applicant lifecycles, KYC workflows, and partner coordination.
- Designed a multi-tenant Role-Based Access Control (RBAC) system with page-level permissions to secure actions and API endpoints.
- Built REST APIs and integrated them with front-end components to enable dynamic data flows.
- Implemented JWT-based authentication to secure user sessions and restricted routes.
- Designed database schemas in MongoDB and MySQL to support scalable application data.
- Collaborated with cross-functional teams using Git for version control and smoother releases.
- Integrated AI tools into web applications to improve functionality and user experience.

PROJECTS

Asset Corp Solutions CRM & HRM – Enterprise Customer Relations & Workforce Management System

[In Progress]

apps.assetcorps.in

Tech: Laravel (PHP), MySQL, Tailwind CSS, Blade Templates, JavaScript (Vite)

- Developed an enterprise CRM and HRM platform to manage customer leads, loan processing, employee records, attendance, leave, payroll, and role-based access control (RBAC).
- Built end-to-end loan processing workflows, including KYC verification, document management, partner/bank coordination, approvals, and applicant lifecycle tracking.
- Implemented HR features such as recruitment, job application tracking, announcements, notifications, employee engagement, and automated PDF payslip generation to streamline workforce management.

Asset Corp Solutions – Financial Advisory & Loan Management Platform [In Progress]

assetcorps.in

Tech: Laravel (PHP), MySQL, Tailwind CSS, Blade Templates, JavaScript (Vite)

- Developed a financial advisory website for Home, Car, Personal, Education, Business, and Property loans with responsive UI and dynamic content management.
- Implemented 20+ financial calculators, automated SEO and sitemap generation, and an integrated career portal with secure job application management..
